**energía**

SECTION 1

---

# Energia Online Premium

---

The opening page which summarises all information found in the tabs. Hyperlinks under each chart will open the page with the detailed information.

- 1 Tabs for all detailed reports.

---

- 2 Summary Information – Consumption 3 years, Expenditure 3 years, Balance, Meter Read.

---

- 3 Key stats – last update, active sites, billing period, bill date.

---

- 4 Disclaimer notice.

The dashboard features a navigation bar with tabs: Dashboard, Energy Expenditure, Energy Trends, Energy Meter Read, Bill, HowTo, and Energy Consumption. The main content is divided into several sections:

- Energy Consumption:** Shows a table with columns for Last 12 Months (109,200), 12 to 24 Months (108,180), and Change % (100.94%). Below this are two charts: 'Consumption To-Date' (bar chart for 2019: 11,280; 2018: 11,100) and 'Consumption Trends Over Time' (line chart with values 13,000 and 5,520).
- Expenditure Excluding VAT:** Shows a table with columns for Currency (EUR), Last 12 Months (25,073), 12 to 24 Months (28,851), and Change % (86.91%). Below this are two charts: 'Expenditure To-Date' (bar chart for 2019: 2,302; 2018: 2,421) and 'Expenditure Trends Over Time' (line chart with values 3,750 and 1,563).
- Whole Account Current Balance:** Displays 'Balance EUR' as 2,644.91 and 'Debt Balance Spread' with 'Debt Age Current' as EUR 2,644.91.
- Last Regular/Customer Meter Read:** Shows '#MPRNs per Last Regular/Customer Read Gr...' with a bar chart for '<6 months' showing a value of 1.

At the bottom, a summary bar states: 'Information valid up to: 15/01/2020; Account Active Sites: 1; Last Consumption Period Billed: Nov/2019; Last Bill Due Date: 15/01/2020'. A disclaimer follows: 'Disclaimer: All information is provided for information purposes only and does not constitute a legal contract between Energia and any other person or entity. Information is subject to change without prior notice. Although every reasonable effort is made to present current and accurate information, Energia makes no guarantees of any kind.'

- 1

- 3
- 4

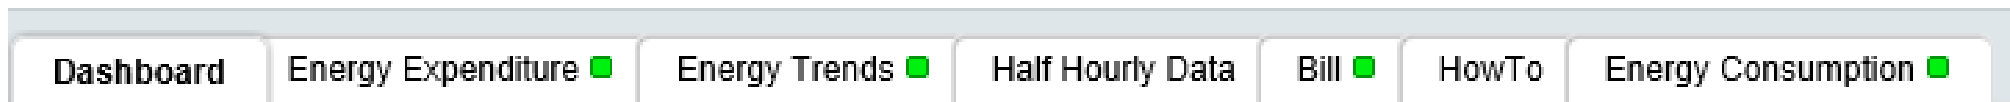

Action Bar is found at the top of every screen. It allows the users to navigate back and forward and create / select bookmarks.

- 1** Navigation.  
\_\_\_\_\_
- 2** Undo / redo.  
\_\_\_\_\_
- 3** Lock / Unlock – Will keep a selection saved while moving onto different reports.

- 4** Current selection / add or remove bookmarks – Will bring up a box advising of the users current selections. You can add/remove bookmarks with these icons.  
\_\_\_\_\_
- 5** Selecting Saved Bookmarks – A drop down list of all user saved bookmarks for selection. A big time saver!

Easy index of all detailed reports available.  
The summary information for most of the tabs  
are found on the dashboard.

- Dashboard
- Expenditure Reports
- Energy Trends
- Consumption
- Meter Read History
- Half Hourly Data
- Bill
- 'How to' –Help Screens

Each tabbed report follows a similar layout. Detailed information can be displayed in various ways. The user can manipulate the information displayed by filters.

The screenshot shows the 'Energy Expenditure' report interface. At the top, there are navigation tabs: Dashboard, Energy Expenditure (selected), Energy Trends, Energy Meter Read, Bill, HowTo, and Energy Consumption. Below the tabs, there are three main sections:
 

- Billing Calendar:** A grid showing months from 2017 to 2019. The current period is highlighted in green.
- Filter:** A list of filterable fields including AccountID, AccountName, GMPRN, MPRN, Tariff, CostCentreCode, and Address. The 'MPRN' filter is currently set to 'Low Voltage Max Demand(2016)'.
- Search Box:** A search input field with the placeholder text 'Type value to search'.

 At the bottom right of the filter section, there is a 'Current Filters - Select the Rubber to Remove' section with a table:
 

Fields	Values
MPRN	Low Voltage Max Demand(2016)

- 1 Filters.

---

- 2 Detailed Information – Reports, Charts.

---

- 3 Specific reports under each heading. Gives additional information.  
 Double click on the report type within each section to view the report.

The screenshot shows a 'Detailed Report' table with the following columns: BillNo, MPRN, Consumption Period, Address, Total Billed Days, Total Consumption, Average Consumption per Day, Expenditure Excl. VAT, Expenditure Incl. VAT, and Average Expenditure per Day Excl. VAT. The table contains 20 rows of data. The first row is a summary row with bolded values: Total Consumption: 239,880.00, Expenditure Excl. VAT: 60,360.26, and Expenditure Incl. VAT: 68,508.91.

The screenshot shows the footer of the report interface. It contains three navigation buttons: 'Summary Report', 'Line Items', and 'Expenditure Year-To-Year'. Below these buttons is a disclaimer:
 

Disclaimer: All information is provided for information purposes only and does not constitute a legal contract between Energia and any other person or entity. Information is subject to change without prior notice. Although every reasonable effort is made to present current and accurate information, Energia makes no guarantees of any kind.

 The Energia logo is also present in the bottom right corner.

1

2

3

At the top of the page in **every tab**. Allows the user to drill in to the data to create bespoke reports. Very flexible. Remember you can bookmark for future use.

**1** Select based on year, month & period.

**3** Filters that you can remove – ‘eraser’ to remove selection.

**2** Summary of selection.

**4** Free text search box.

At the top right hand corner of the detailed reports. This allows the user to print, export to excel or create an excel chart.

A key tool. By right clicking on the mouse, the user is given new options of how to view the report. Once an option is chosen, left clicking will produce the report with the new option. A example will be shown in the demonstration.

SECTION 2

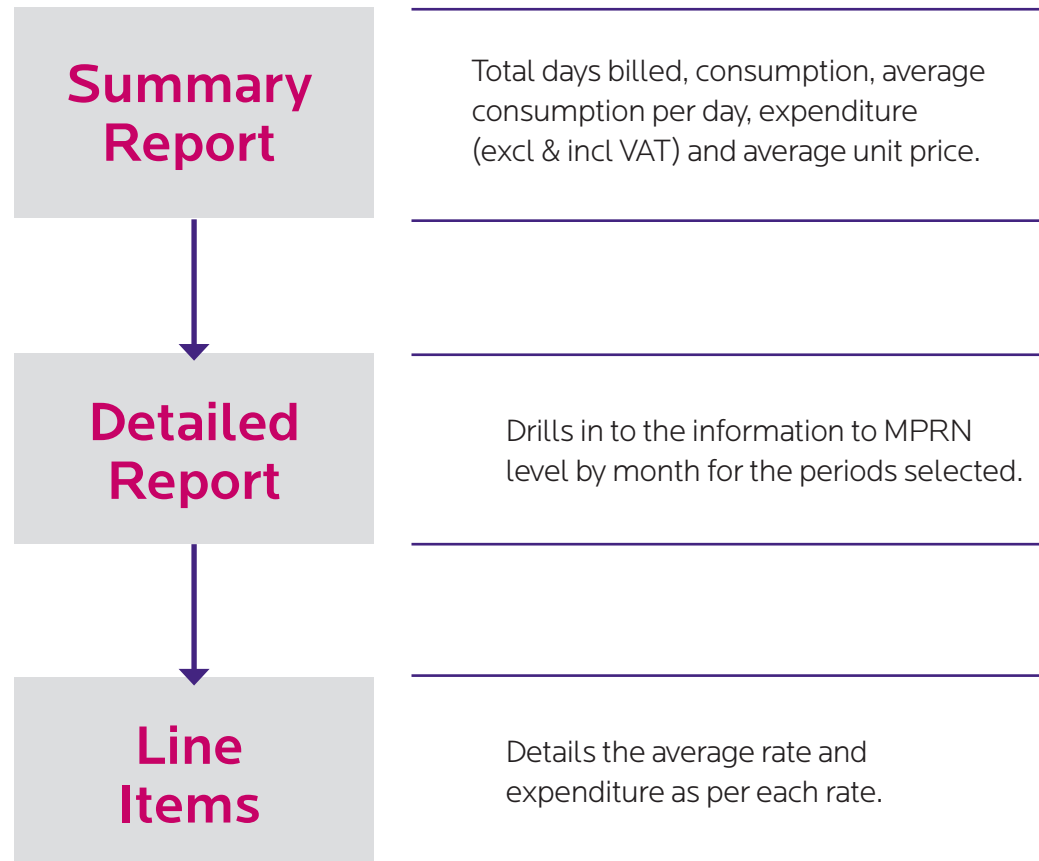

---

Energia Online Premium  
**Detailed Reports**

---

Increasing detail as required by the user.  
Comparisons year on year.  
Filter specific.  
Users can use the + sign to expand information further.

Total days billed, consumption, average consumption per day, expenditure (excl & incl VAT) and average unit price.

Note rotation icon and the excel options with each report.

Summary Report | Line Items | Expenditure Year-To-Year

Drills in to the information to MPRN level by month for the periods selected. Gives a graphical summary to the right.

The screenshot displays a web interface for energy expenditure analysis. At the top, there are navigation tabs: Dashboard, Energy Expenditure (selected), Energy Trends, Energy Meter Read, Bill, HowTo, and Energy Consumption. Below the navigation is a 'Billing Calendar' section with a grid for selecting years (2017, 2018, 2019) and months (Jan to Dec). To the right is a 'Filter' section with dropdown menus for AccountID, AccountName, GMPRN, MPRN, Tariff (currently set to 'Low Voltage Max Demand(2016)'), CostCentreCode, and Address. Further right is a 'Search Box' with a search input field. Below these is a 'Current Filters - Select the Rubber to Remove' section showing 'Fields' (MPRN) and 'Values'. The main content area is titled 'Line Items' and contains a table with columns: Bill Items Category, Unit Of Measure, Average Rate, Consumption, Expenditure, and Expenditure Trends. The table lists several categories with their respective values and bar charts showing expenditure trends. At the bottom, there are three buttons: 'Detailed Report', 'Summary Report', and 'Expenditure Year-To-Year'.

Bill Items Category	Unit Of Measure	Average Rate	Consumption	Expenditure	Expenditure Trends
Excess Capacity Charge	kVA	17.55000	264	4,633.20	[Bar Chart]
PSO Levy	kVA	2.58750	3,600	9,315.00	[Bar Chart]
Service Capacity Charge	kVA	0.09085	109,500	9,947.59	[Bar Chart]
Standing Charge	-	5.68543	1,095	6,225.55	[Bar Chart]
VAT	-	-	0	122,145.33	[Bar Chart]

Details the average rate and expenditure as per each rate.

Note the rotation icon and the excel options with each report.

The screenshot shows a dashboard with several tabs: Dashboard, Energy Expenditure (active), Energy Trends, Energy Meter Read, Bill, HowTo, and Energy Consumption. Below the tabs are three main sections:

- Billing Calendar:** A grid showing months from 2017 to 2019. A rotation icon is visible in the top right of this section.
- Filter:** A list of filterable fields including AccountID, AccountName, GMPRN, MPRN, Tariff, CostCentreCode, and Address. The 'Tariff' field is currently set to 'Low Voltage Max Demand(2016)'.
- Search Box:** A search input field with the placeholder text 'Type value to search'.
- Current Filters - Select the Rubber to Remove:** A section showing 'Fields' (MPRN) and 'Values'.

The main data table is titled 'Expenditure Year-To-Year' and contains the following data:

AccountID	Consumption Year	Total Excl. VAT	% of Previous Year Total Excl. VAT	Excl. VAT to Date	% of Previous Year to Date Excl. VAT	Total Incl. VAT	% of Previous Year Total Incl. VAT	Incl. VAT to Date	% of Previous Year to Date Incl. VAT
		107,617	-	9,877	-	122,145	-	11,210	-

At the bottom of the dashboard, there are three report options: Detailed Report, Summary Report, and Line Items. Each option has a small icon representing the report type.

This provides an average consumption / expenditure per day across the period selected.

This shows the Max Demand amount in bar graph form and the Maximum Import Capacity amount.

Three key reports – detailed overleaf

The screenshot displays the Energia Energy Meter Read dashboard. It features a navigation bar with tabs for Dashboard, Energy Expenditure, Energy Consumption, Energy Meter Read (selected), Bill, HowTo, and Energy Trends. The main content area is divided into three sections:

- Meter Read Calendar:** A calendar view for the year 2020, with months from Jan to Jul visible. A red circle with the number '1' is overlaid on the calendar.
- Last Meter Read Summary:** A table showing the last meter read for various MPRNs. A red circle with the number '2' is overlaid on the table.
 

MPRN	Consumption	Last Customer Read (days)	Last Regular Read (days)	Days since Last Read	Address
	108567	258			PUMPH
	194935		26	26	
	75173				
	305300		26	26	
	223350	341	322		PUMPH
	153300		147	147	SEWAG
	211080	342	124		SEWAG
	178000		87	87	WASTE
- Last Regular/Customer Read Heat Map:** A heatmap showing the distribution of meter reads across a grid. A legend indicates: Red - Regular/Customer Read greater than 12 months ago; Yellow - Regular/Customer Read between 6 and 12 months ago; Green - Regular/Customer Read less than 6 months ago. A red circle with the number '3' is overlaid on the heatmap.

At the bottom of the screenshot, there is a 'Meter Read Detailed Report' table and a footer with the Energia logo and tagline 'Switched on'.

- 1** Outlines the last actual ESNB read, the last customer read and days since the last actual read. Can also be viewed by address.
- 2** Provides meter serial number, type of meter, the read date and value of meter read.
- 3** Colour-coded map to advise customers of last actual reads at a quick glance: Green – less than 6 months, Yellow – between 6 & 12 months and Red – greater than 12 months.

A summary of True Power (kWh) Reactive Power (kVarh) and Apparent Power (kVa). Exceeded Power Factor displayed in red.

To view your true power bill before your bill is available, unclick the 'verified' button in Current Filters to the right hand side of the page. This will display your current months data.

energia Switched on

# Power factor by MPRN

Allows user to compare Power Factor per half hour during each individual day. Click and drag under the red dotted line to detail the problem MPRN.

The screenshot displays the Energia web application interface. At the top, there are navigation tabs: Dashboard, Energy Expenditure, Energy Trends, Half Hourly Data (selected), Bill, HowTo, and Energy Consumption. Below the tabs is a 'Half Hour Consumption Read Calendar' with a grid for selecting a year (2017-2020) and month (Jan-Jul). A 'Filter' section on the right allows for filtering by AccountID, AccountName, GMPRN, MPRN (HH Only), Tariff, CostCentreCode, Address, and Verified/Unverified/... (set to Verified). A 'Search Box' is also present. Below the calendar is a 'Days' row (1-31). A 'Power Factor by MPRN' chart shows a power factor over time for MPRN 10306327495. The y-axis ranges from 0.7 to 1.1, and the x-axis shows HHReadTime from 00:00:00 to 23:30:00. A red dotted line indicates a threshold of 0.95. To the right of the chart are several interactive buttons: 1/2 Hourly Summary KWH, 1/2 Hourly Readings KWH, 1/2 Hourly Readings KW, 1/2 Hourly Readings KVA, 1/2 Hourly Readings, and Power Factor. At the bottom, there are buttons for Trend s, Day Comparison, and Power Factor Summary Ave. A disclaimer is visible at the bottom left, and the Energia logo is at the bottom right.

The options to view can be decided by bill number, bill date and consumption period. By choosing one, this brings user to summary of bill

The screenshot shows the 'enèrgia' web interface with the following components:

- Navigation Tabs:** Dashboard, Energy Expenditure, Energy Trends, Half Hourly Data, **Bill**, HowTo, Energy Consumption.
- Billing Calendar:** A grid showing months from 2017 to 2019. The 'Year' row shows 2017, 2018, 2019. The 'Month' row shows Jan, Feb, Mar, Apr, May, Jun, Jul, Aug, Sep, Oct, Nov, Dec.
- Filter:** A section with input fields for AccountID, AccountName, GPRN, GMPRN, MPRN, Tariff, CostCentreCode, and Address.
- Search Box:** A search input field with the placeholder text 'Type value to search'.
- Current Filters - Select the Rubber to Remove:** A section showing 'Fields' and 'Values' for MPRN and Verified/Unverified/Historic, with checkboxes for 'Verified'.

**SELECT ONE BILL NUMBER:**
